France

Tame the legend.

Porsche and Le Mans share a history going back more than seven decades. So the iconic home of the Le Mans 24 Hours is the natural setting for the **Porsche Experience Center Le Mans**.

Ideally located between the Maison Blanche and Bugatti circuits, the Porsche Experience Center offers a unique chance to get to grips with a selection of Porsche vehicles.

Le Mans is just a 55 minute train ride from Paris, and can also be reached easily by rail from Strasbourg, Dijon, Lyon, Marseille, Lille, Nantes, Brest, Montpellier and London.

A unique driving experience in France.

The teams at the Porsche Experience Center look forward to welcoming you to a circuit that has acquired legendary status in the brand's history, for a complete immersion in the Porsche universe.

The **Porsche Track Experience** is open to all, whether you're looking to have fun, learn to control your vehicle or simply familiarize yourself with track driving, so you're ready to get out there on your own.

Our flexible driving courses are tailored to your level of proficiency, and will enable you to gradually improve your skills on two different circuits: Maison Blanche (2.817 km) and Bugatti (4.185 km). The same professional driving instructor will be there to supervise you throughout the day.

Our Porsche Track Experience packages.

	Precision	Performance	Master	
Difficulty				
Description	The first stage in the learning curve, this course is the ideal introduction to track driving. You'll get to grips with the basics in the morning workshops, ensuring you're ready to take to the track in optimum conditions in the afternoon.	The second stage in the learning curve, the Performance course will hone your driving skills and improve your mastery of the basics. With new workshops and training sessions, you can then put all the techniques you've learned into practice, out on the circuit in the afternoon.	After taking this course, you'll be ready to head out onto the circuit on your own, having fine-tuned your skills by mastering all of the techniques learned in the earlier courses, and learned to identify your own track reference points.
